Sponsorship Prospectus

**Strengthen Your Brand. Connect with Decision-Makers
& Lead the Future of Biomechanics in Latin America.**

Dear Partner,

It is a pleasure to personally invite you to consider an exclusive opportunity to become a strategic sponsor of the Latin American Congress of Biomechanics and the 4th Latin American Meeting of Biomechanics – Costa Rica 2026, taking place on April 9th and 10th, 2026, in San José, Costa Rica.

This international congress will bring together approximately 150 highly specialized professionals, including researchers, clinicians, engineers, academics, and industry leaders from Latin America, North America, and Europe. The event has been carefully designed to create a focused, high-value environment that fosters scientific exchange, technological innovation, and meaningful strategic networking.

By partnering with this congress, your organization will position itself at the forefront of scientific excellence, technological advancement, and professional leadership in the field of biomechanics. As CEO of Research & Performance Biomechanics, I would welcome the opportunity to explore how this partnership can align with your organization.

I firmly believe that the most impactful progress occurs when science and industry move forward together, and this congress is intended to be a platform where that collaboration truly takes place.

Warm regards,

Alberto Sanchez Alvarado

BIOMECHANICS

Why Partner with the Latin American Congress of Biomechanics 2026?

Targeted International Visibility

Your brand will gain exposure among a highly qualified and relevant audience of professionals and **decision-makers in biomechanics**, rehabilitation, sports performance, ergonomics, and applied engineering. Sponsors will be featured across all official congress communication channels, both digital and on-site.

High-Value Strategic Networking

The congress is intentionally designed to facilitate direct, meaningful interactions. Sponsors will connect with **professionals who actively influence purchasing decisions, research directions, and technology adoption** within their institutions and organizations.

Thought Leadership & Brand Credibility

By supporting this event, your organization will be recognized as a **key contributor to scientific advancement and professional education**, reinforcing credibility, trust, and long-term brand positioning within the biomechanics community.

Direct Engagement with a Specialized Audience

Sponsors will have the opportunity to present products, services, and solutions through branded **workshops, technical sessions, and exhibition spaces**, ensuring direct engagement with an audience that values innovation and evidence-based practice.

Extended Brand Impact

Brand exposure will continue beyond the event through post-congress materials, digital dissemination, academic networks, and professional communities, maximizing return on investment.

Sponsorship Packages

Corporate Partnership Levels
